

SOPAN FUKU

Amravati, Maharashtra, India

+91 8806629221 — fukesopan880@gmail.com — [LinkedIn](#) — [GitHub](#)

Professional Summary

Full-Stack MERN Developer with experience designing and building scalable, production-ready web applications. Strong expertise in React.js, Node.js, Express.js, and MongoDB, with hands-on experience in authentication, REST API design, real-time systems, and modern deployment workflows.

Projects

WanderStay — Rental Booking Platform

[Live Demo](#)

- Implemented JWT authentication with protected routes for secure user access.
- Developed full CRUD functionality for property listings and booking management.
- Designed RESTful APIs using Node.js and Express.js integrated with MongoDB.
- Built a fully responsive user interface using React for cross-device compatibility.
- Implemented role-based access control and secure session handling.
- **Tech Stack:** React, Node.js, Express.js, MongoDB, JWT

Connectly — Real-Time Chat Application

[Live Demo](#)

- Built real-time messaging functionality using Socket.IO for instant communication.
- Implemented user authentication and session handling for secure access.
- Developed REST APIs for users, conversations, and message storage.
- Optimized UI state updates to ensure smooth and responsive chat experience.
- Managed real-time state synchronization between client and server efficiently.
- **Tech Stack:** React, Node.js, Express.js, Socket.IO, MongoDB

Experience

Full Stack Development Intern — Cognifyz Technologies

Nov 2025 – Dec 2025

- Built MERN stack features including CRUD operations and JWT-based authentication.
- Developed reusable React components integrated with RESTful backend APIs.
- Worked independently on assigned modules from requirement understanding to deployment.
- Used Git and GitHub for version control and collaborative development.

Web Development Intern — YHills Edutech Pvt. Ltd.

Jan 2025 – Jun 2025

- Developed full-stack web modules using React, Node.js, Express, and MongoDB.
- Designed REST APIs and optimized frontend performance and responsiveness.
- Worked independently on feature development following agile methodology.

Education

Master of Computer Applications (MCA)

2023 – 2025

SGBAU Amravati University

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Database: MongoDB, MySQL

Concepts: REST Architecture, Authentication & Authorization, State Management, MVC Pattern

Tools: Git, GitHub, VS Code, Postman, Vercel, Render

Certifications

- Full Stack Web Development — GreekForGreek
- Front-End Web Developer — Infosys Springboard
- Node.js: Advanced Concepts — Udemy
